

THERMECH TIP

" THERMECH DISPLAY" FOR MOLTEN METAL

PRECISE MEASUREMENT OF MOLTEN METAL TEMPERATURE FOR FERROUS & NON FERROUS METAL

Specifications:

| | | |
|-----------------------------|---|--|
| Instrument | : | Micro Controller Based |
| | | Peak Hold Temperature Indicator |
| Input | : | R/S/B Type (Selectable) |
| Range | : | 0 to 1750 °C |
| Accuracy | : | ±0.1 % of FS |
| Measuring Principle | : | Plateau or Peak Selectable |
| Display | : | 3½ digits, bright Red LED 7 segment |
| Display Size | : | 2", 4" & 8" high |
| Power Supply: | | 220 V ± 10 %, 50 Hz |
| Visual Indications | : | Ready : Green light |
| | | Measure : Yellow light |
| | | Over : Red light |
| Audio Indication | : | With Hold of Peak Temperature |
| | | for approx. 3 Sec, forced air Hooter |
| Memory | : | Last 20 Reading |
| Reset for new measurement : | | Automatically after 20 sec |
| | | or Connection of new TIP |
| Mounting | : | Wall mounting / Hanging type & Portable Type |
| Optional Accessories | : | Wall mounting Remote Large Display, Lance, Compensating Cable. |

Our Other Product : Thermocouples, RTD, Thermowell, Compensating Cable & Display

" THERMECH TIP" FOR MOLTEN METAL

Over view of our range of Temperature TIPS are as follows:

MINI (MARK IV)

TEMPERATURE TIP MINI MARK IV available in Type R/S/B
Paper tube length from 300 to 1500 mm
Usage: Single time use in Slag condition
ID/OD: 18MM/30MM

MARK III

TEMPERATURE TIP MARK III available in Type R/S/B
Paper tube length from 300 to 1500 mm
Usage: Single time use in Slag condition
ID/OD: 28MM/42MM

MARK V

TEMPERATURE TIP MARK V available in Type R/S/B
Paper tube length from 300 to 1500 mm
Usage: Single time use in Slag condition
ID/OD: 23MM/35MM

BMD TIP

TEMPERATURE TIP BMD available in Type R/S/B
With ceramic sleeve of 75mm
Usage: Can be used 8-10 times in slag free condition,

MARK VII

TEMPERATURE TIP MARK VII available in Type R/S/B
Paper tube length from 300 to 1500 mm
Usage: Single time use in Slag condition
ID/OD: 19MM/32MM
